

Lexotation.

GUIDE BOOK

Guide on How to MAKE YOUR VERY FIRST CALL?

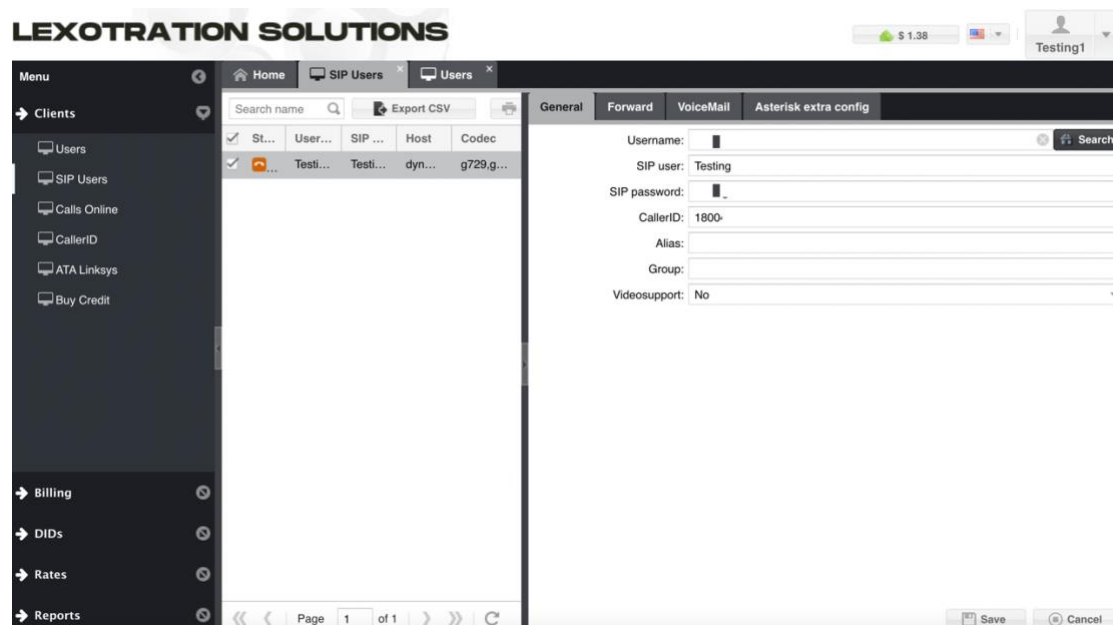

Step 1) Firstly Contact @Lexotationteam on Telegram and Talk to them regarding your requirements like Country, Price, Location, Caller ID, Spoof, Non-Spoof, Etc.

Step 2) After deciding Take a demo according to your requirements.

Step 3) Right after that, Pay for the topup amount and Lexotation team will give your very own personal dashboard of Lexotation Voip Solution System with the top-up amount.

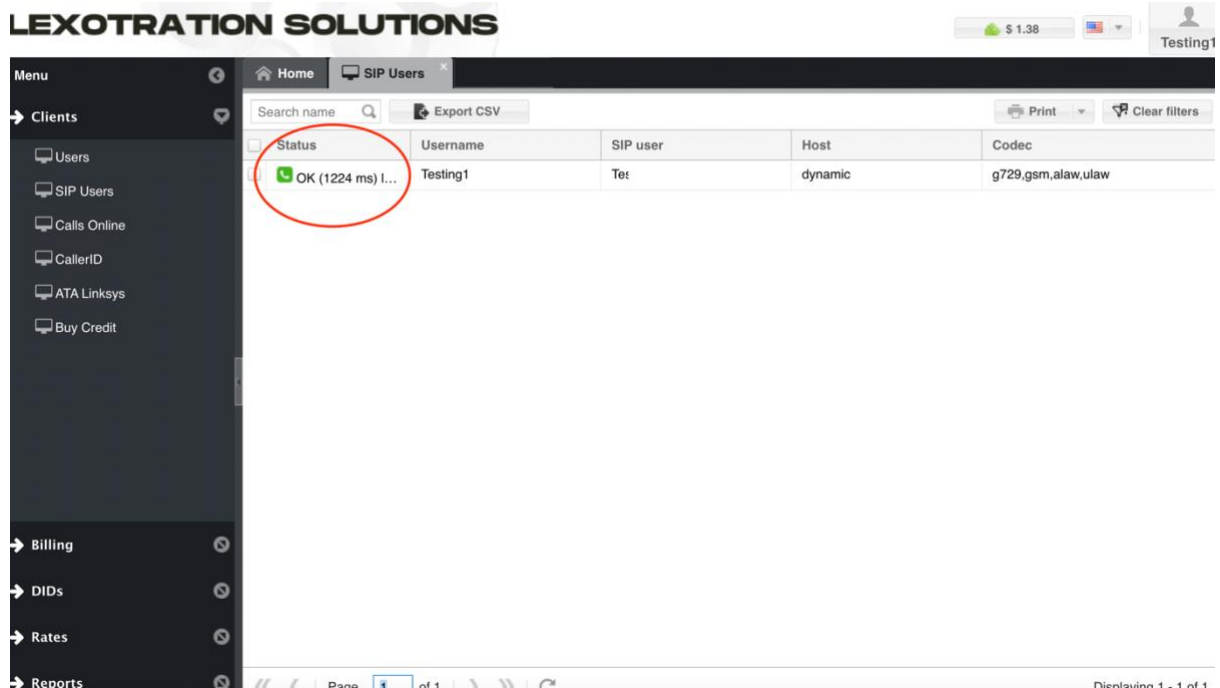

Step 4) Login to the dashboard and see if everything looks fine.

Step 5) Try to change the Caller ID from the "SIP user" section depending upon your needs. (Only if you want to modify CLI or Spoof)

Step 6) After Modifying your Caller ID (CLI), you can use your SIP username and SIP password to connect to the any SIP software or app like, SIP Port, Linphone, MicroSIP, Etc. (Always make sure connection type is UDP, If required to enter)

Step 7) Once connected Successfully, Your SIP user status will turn into Green phone signal on your Lexotrations Dashboard.

Step 8) You can try to call anyone using the Dailer from the SIP Software or app which you connected.

Step 9) And Congratulations, You have successfully made your first call.

Step 10) If your call doesn't connect or you face any issue, kindly message us on Telegram, our team is always there to help you 24/7.

So, what you waiting for? Contact Lexotrations Team and get your account today!

Thanks.
